

Dependable Innovative Solutions

Meet the Stars of the show...

When we invited Bob Bartlett, founder and former co-owner of the Scott Company to join us for the print show in Chicago, it did not take much persuasion. Bob loved this company and still does. Above is Bob proudly standing next to the Scott MTS machine that has been designed and built using the same philosophy adopted by the Scott company all those years ago which earned Scott its reputation.

" This is a Fine Machine, You guys did a Great Job !!"

The words of Bob Bartlett

To arrange your exclusive viewing of the Scott MTS and discover how this revolutionary technology will transform your business, please call **1 313 361 0134** and ask for Chuck. Alternatively please call your regional account manager/Sales person.

Dependable Innovative Solutions

You've Spoken and We've listened !

Introducing Scott "ROLLBACK" pricing on all PARTS for your Scott machine...

Maintaining your Scott machinery with genuine Scott parts is as important to you as it is to us.

Belts, relays, hardware and other standard components have been reduced. OEM Component pricing has been structured with you in mind to keep your equipment maintained to the highest standard at cost efficient prices.

Here are some examples...

Crown roller shaft C-2168 \$431.51
Sheet separator finger PF-0132-1 \$10.22
Heat controller C-9401-2 \$233.13

For a full price list, please call our Technical Sales Team or visit our website.

Let US make your life a little easier.

Ordering parts for your Scott machines has never been easier. Need a little advice before you buy? Then give our technical team a call, they are here to help. Know exactly what you need? Please feel free to use our new on-line parts ordering service coming very shortly.

Scott is the one stop provider of ALL Scott spare parts. No more time consuming calling round suppliers trying to get the best price.

Would you like our trained service team to custom build a spare parts package designed around your mix of machines and requirements? Let us do the work for you.

Come on, try out our NEW PRICING today.

You WILL NOTICE the difference !!!
